Wellness begins

HERE

Your bed is an investment in personal wellness.

A sanctuary of rest, recovery and rejuvenation.

It's where dreams are born.

And, with the right quality and quantity of sleep,
it's where dreams become possible.

Because when you sleep well regularly,
you are a better version of yourself.

Healthier, happier and more motivated.

Welcome to
the King Koil sleep wellness collection.

Brought to you by Australia's master sleepsmith, A.H. Beard.

SENSITIVE CHOICE

TEN YEAR 10 GUARANTEE

A family owned Australian business

AUSTRALIAN MADE AND OWNED

The 6 Essential Features of Premium Sleep

HANDCRAFTED INTO EVERY KING KOIL MATTRESS

As bedmakers with over a century of experience, we believe it comes down to these six essentials, which create the ideal conditions for healthy, restorative sleep. What we at A.H. Beard call *premium sleep*.

1.

It just feels right

Even without sheets, a mattress should feel beautiful on your skin. King Koil's sensuous stretch knit fabrics and sumptuous comfort layers create a luxurious first impression that is repeated every time you go to bed.

2.

All-over comfort

As you recline, the AeroComfort layers gently conform to your body's curves, helping to relieve pressure, prevent discomfort and keep you relaxed from dusk till dawn.

3.

All-night support

While you sleep, King Koil's innovative Reflex* support system gently conforms to your body's size and weight, providing individualised support. The only sleep support system endorsed by the International Chiropractic Association, Reflex support helps you wake refreshed, rejuvenated and ready to live your best life.

4.

A healthy sleep environment

If you suffer from allergies or asthma, the Sensitive Choice blue butterfly is your assurance of long-term protection against mould, bacteria, dust mites and other allergens. Available at A.H. Beard, you'll find it on every King Koil mattress.

5.

Don't be disturbed

The support systems in King Koil mattresses absorb the movements of others sharing your bed, helping to reduce partner disturbance and prevent premature waking.

6.

Temperature regulating

To keep you comfortable on warm nights, our craftsmen chose AeroQuilt, AeroWeb and AeroFoam+ components to encourage the flow of air and help disperse heat.

*Reflex support is featured in King Koil Chiro Clarity upwards

The King Koil Wellness Collection

FEATURING REFLEX SUPPORT
THAT'S ALL ABOUT YOU

PRIMARY COIL

REFLEX SUPPORT SYSTEM

ACTIVE COIL

Reflex Support Technology

King Koil mattresses* featuring our innovative Reflex support technology support your body regardless of your size, shape or sleeping position. Reflex uses a combination of primary coils for all over support, and 215 smaller active coils for additional support where you need it. Perfect for couples, Reflex responds independently to each sleeper, so you both get the support you need without disturbing each other. King Koil mattresses with Reflex support technology are the only ones in Australia recommended by the International Chiropractors Association.

*Reflex features in models from Chiro Clarity upwards.

Performa Edge Support

To maximise the sleep area of your mattress, King Koil mattresses^ feature Performa Edge Support. A high-density foam that encases the edges of your mattress, Performa Edge Support creates perimeter strength while still providing a comfortable sleep surface.

EvoFoam
Cleaner, greener, healthier comfort

EvoFoam Technology

You'll sleep better knowing the comfort foam in your mattress is made without potentially harmful chemical additives or CO^2 emissions. Manufactured using the world's most advanced foam-making technology, EvoFoam provides a cleaner and healthier sleep.

SENSITIVE CHOICE

Sensitive Choice

Do you or your family members have asthma or allergies? Rest assured, every A.H. Beard mattress that carries the Sensitive Choice blue butterfly will provide long term protection against mould, bacteria, dust mites and other allergens, so you can breathe and rest easy.

Re-Spun Original

Introducing the King Koil Re-Spun Original Range, which showcases the innovative use of post-consumer recycled denim. This eco-friendly approach not only upholds the quality and durability of the original product, but also significantly reduces its environmental impact, creating a distinctive aesthetic for this range.

Comfort

Experience luxury with our Recycled Denim fabric, blending Alpaca and Wool Fibre for opulent comfort and natural antimicrobial properties. Airflow Micro Comfort Coils ensure support and breathability, while the Talalay Comfort Layer adds a plush, hypoallergenic touch.

Support

Experience rejuvenated sleep with our QuadCore Support springs. Encased individually for independent performance, they deliver precise support where needed. Arranged in groups of four, these springs ensure targeted comfort. Coupled with Performa Edge Support, our mattress offers consistent support from end to end, promsing a truly revitalising sleep.

Breathability

Discover ultimate sleep wellness with out King Koil Re-Spun Original mattress. Featuring Airflow Micro Comfort Coils for support and breathability, coupled with a Talalay Comfort Layer and temperature-regulating Wool and Alpaca fibre, it's crafted with your wellbeing in mind.

World Luxury

Comfort

King Koil World Luxury spares no expense in creating the ideal conditions for deep, undisturbed sleep. A Premium Damask Fabric is hand tufted to a sumptuous layer of Wool, and Cashmere Fibre. As you recline, naturally breathable Talalay Latex Comfort Layers and Comfort Coils conform to your body in a blissful, slumber-inducing embrace.

Support

As you drift into unconsciousness, the Reflex Platinum VRS support system activates to support your body throughout the night. Hundreds of primary and active coils work in unison to relieve pressure and minimise disturbance from your sleeping partner's movements. Thanks to Performa Edge Support, you'll enjoy that support across your entire mattress.

Breathability

The Premium Damask Fabric is cool to the touch and wicks away moisture for easier sleep on warm nights. Breathable AeroQuilt and AeroComfort layers help maintain the ideal sleeping temperature. And World Luxury's naturally antimicrobial fibres and materials create a healthy, hypoallergenic sleep environment.

Need a bed for your head?

Pillows are an integral part of any sleep system, working together with your mattress to deliver a better night's sleep. A good-quality pillow will support your head and neck while you sleep, enhancing your overall comfort so you wake up rejuvenated.

Adjust your comfort

An adjustable base features parts that can be raised or lowered independently for optimum comfort. For example, if you want to raise your legs to ease lower back pain, the lower section of the bed can be raised. Or if you want to sit up straight to read a book, you can choose to raise the top section while leaving the lower section flat.

Smart thinking while you sleep

Not sure how much quality sleep you're getting? Monitor, track and analyse your sleep patterns with our innovative Smart Sleep Solutions tracking devices. So you can get the most out of your sleep and the most out of your day.

Recommended by chiropractors

SINCE 1980

When A.H. Beard introduced King Koil in 1980, they were the first chiropractic-approved mattresses in Australia. To this day, King Koil remains the only Australian mattress collection recommended by the International Chiropractors Association. Craftsman made in Australia, they are as good for Australian jobs and communities as they are for your sleep and wellbeing.
